OFFICE NOTE.

SUBJECT:— Petition to H.H. the Maharaja by the residents of Palya, re repairs to the Sri Janardhanaswami temple.

LAST REFERENCE.

Letter No. 80 dated 5th Aug '03

form the Dy Comr of Hassan.

One Venkatakrishna and certain other residents of Palya, Alur Sub-Taluk, petitioned H.H. the Maharaja in February 1903, praying for the completion of the repairs to the Sri Janardhanaswami temple at Palya and for the collection of the Paduvalu amounts endowed to the temple.

His petition which was forwarded by the Private Secretary to H.H. the Maharaja to this office for report was sent to the Dy Comr of Hassan for the submission of a detailed report thereon.

*

The Dy Comr reports that the temple fell into disrepair so far back as 1890 and that as there was then only a sum of Rs 639-13-6 at its credit, and as it was stated that no repairs could be executed for less than Rs 2000, it was suggested that repairs to the interior of the temple may be taken on hand. But the people interested in the institution urged

that such repairs would be of no use and as it was understood that they were prepared to contribute and promised a sum of Rs 1022 towards the cost of the repairs, an estimate for Rs 2298 for the entire repairs of the temple was submitted. This estimate was sanctioned in Pro: No: 807-8 dated 2nd February 1896, the funds being assigned as noted in the margin. ※

While the work was in progress, the late Huzur Superintendent visited the temple and finding that no provision had been made in the original estimate for lettering the sufficient height

ordered some additional
repairs to the temple.
But when a revised
estimate for Rs 2767
was submitted by
the Dy Comr, it was
returned with a request
that the additional
repairs ordered by the
Murrai Supt during
his inspection of the
temple may be estimated
for seperately and
a supplemental estimate
submitted for the
sanction of Govt.

In the meanwhile
out of a contribution
of Rs 1094 promised by
the devotees, the Dy Comr reported
the recovery of only
Rs 457-6-4 and stated
that there was no

and stated that the
repairs to the temple
could not be executed
well enough for anything
less than the above
sum. As regards the further
recovery of the con
tributions promised
by the devotees, the
Dy Comr reported that
it was not possible
to recover them at once, they
would be credited to
the funds of the temple
as they were received.
Further, it was stated
by the Dy Comr that
a separate estimate

necessary for repairing
the gates and the compound
of the temple

arrangements were made to realise them and that though

of the repairs they say that the temple in its half repaired state, with its Sopuram and other parts demolished under the orders of the late Murarai Superintendent is accessible to thieves who have already made away with some of its properties. They therefore pray for the early completion of the repairs.

In regard to the above, the Dy Comr states that the Deputy Commissioner of Adra has suggested that if the last revised estimate for Rs 2119 be sanctioned the work began in 1896 would be carried to completion

of Govt on the estimate
for Rs 2119 referred to above,
further repairs to the
temple need not be taken
on hand. In continuation
of the above, the revised
estimate was returned with this Office
to the Dy Comr with the 282 dated
observation that the 19.8.00

interested in the Institution
are prepared to con-
tribute a moiety
of the estimated
cost of repairs.

of the repairs. They say that the temple in its half repaired state, with its Sopuram and other parts demolished under the orders of the late Murarai Superintendent is accessible to thieves who have already made away with some of its properties. They therefore pray for the early completion of the repairs.

In regard to the above, the Dy. Comm states that the Deputy Commissioner of Adm. Hy suggests that if the last revised estimate for Rs 2119 be sanctioned the work began in 1896 may be carried to completion

completion. Repairs to the
extent of Rs 1425-3-0
have been already executed
and the work remaining
to be done is estimated
at Rs 693-13-0. It is
reported by the Dy
Amildar that the
temple has now at its
credit a sum of Rs 1274-14-0
in the Savings Bank
and that a sum of
Rs 156 nearly can be
realised annually
from the temple wet
lands.

The above suggestion
of the Dy Amildar to

fresh estimate for
nearly a thousand
Rupees may be pre-
pared and the work
taken in hand afresh
as some portions of the work
already executed & are
are damaged and requires
touching up again.
As the temple is an
ancient one, the Deputy
Comr thinks that it
is worth restoration,
from its dilapidated
state. In regard to the
contribution promised
by the devotees in 1896,
the Dy Comr states that
nothing could be expected
from them now as it is
reported that the former

not in a condition
pay. Pending final
orders of Govt he
says that he has
called on the Dy
Builder to submit
a fresh estimate
having in view such
of the repairs as are
of an urgent nature.

With reference
the other prayer of
the petitioners, viz, the
collection of the Endowed
funds belonging to
the temple, the Dy
Comrs present report
is silent on the point.
Information will have
to be called for as to
the amounts of such

funds now standing at the credit of the temple the purposes for which they were endowed and how they are being dealt with.

A third point for consideration is the lands endorsed to the temple under the authority of Govt. Pro No. 8123-5/R-2722 dated 17 March 1877. From the records of this office it is observed that these lands are both wet and dry with an extent of 22 acres, the assessment not having been fixed fully at the time of grant. It is not

known what these
lands fetch and how
the income is being
utilized for the benefit
of the temple. In his
present report the
Dy Comr however
states that a sum
of Rs 156 can be realised
annually from the
produce of the lands.
The Deputy Commissioner
now submits* a revised
Estimate for Rs 2959 G
and states that as a sum
of Rs 2447-15-0 only
is available at the credit
of the temple. If works only
to the extent of the funds
available may be sanctioned.
the Compound wall & the
repairs to the smaller
buildings being deferred

2ndly as regards the income from the Inam lands the Dy Comm^{r} reports that a sum of Rs 35-6-3 & 29/2 candies of Paddy are derived as an yearly income & the yearly expenditure amounts to Rs 98-7-"

3rdly as regards the Paduvat funds of the temple, it is reported that Rs 483-5-" is the Paduvat amount ~~available~~ at the credit of the temple which is invested in the Govt Savings Bank but it is not known for what purposes the Paduvat amount was paid by the devotees & so it cannot be ascertained.

Muzrai Secretary's Remarks.

It will be seen from the foregoing pages of this Note that the need for repairing this temple was under correspondence from the year 1890; that in the year 1896 an Estimate for Rs. 2298/- was sanctioned by Government to be met from various sources in which was included a contribution of Rs. 1022/- promised by the devotees. The Estimates underwent revision more than once and work to the extent of Rs. 1495/- was executed up to March 1898. Thereafter in August 1900 Government declined to sanction further expenditure unless the devotees contributed a moiety of the cost. Thus the work was left unfinished, and there is no doubt that the important portions of the temple at least, should be thoroughly repaired and brought to sound condition.

I inspected this temple in September last during my tour in the Hassan District. The main temple and the minor temples and the seven Mantaps in the compound wall require extensive repairs. This will cost a great deal. The whole village of Palya is however going down in

(15)

and many of the inhabitants have left the place in conse-
quence of its unhealthy situation and surroundings. At the
time of my visit very few people were residing in the village.
And I was informed that several of the temple servants were
not coming to the village to perform their temple duties.
Under such circumstances it does not seem necessary to
spend much upon the renovation of the temples and it may
seem sufficient to do only what is absolutely necessary for
preserving the main temples which are no doubt ancient.

The Deputy Commissioner now submits an estimate
for Rs. 2959/- to be spent on the following works:-

(1) Repairing the Mantapam in front of ...

(2) ---Do---- Jamardagnyaswami temple ...

(3) --- Do-- Ammanavaru ...

(4)--- Do---- Vasu and the boys ...

(5) ----- Do- -- Alwar temple ...

(6) --- Do--- Anjaneya, Vinayaka and Ankalamma ...

(7) --- Do Compound wall ...

...

Out of these I (1) ... 1877 Rs.
for the present ... -ed, out of the ... credit of the ... to direct the ... of Alur ...

(16)

out in an efficient manner.

As regards the income of this temple from various sources, the details of its land endowments, the emoluments paid to the servants and the duties to be performed by them, the details as to any Puduvat donations that may have been made by devotees, and such other matters, a separate full report will be called for, upon receipt of which a scale of expenditure may be prescribed for the temple including Utsavams etc, as prayed for by the petitioners.

In this case His Highness has called for a report.

the repairs are commenced and the work is pro-
gressing. In accordance with your personal in
structions, during the inspection of the temple, to
the Deputy Amildar of Alur, a revised estimate
for Rs 2767/- is herein enclosed for sanction,
. to the file of Vernacular papers ending
Deputy Amildar's report No 200 dated 15th
The estimate has been prepared by the Dis
trict overseer including all the necessary item

Therefore,
I request that the excess sum of

over the original sanctioned estimate may kindly be sanctioned out of the grant of Rs 15000/- sanctioned for such works during the year.

Has the honor to state that orders are issued to the Amildar to Complete the repairs of the main building only of Lakshmi Janardanaswamy temple at Palya as the Government Proceedings No 27/77-92 dated 12th July 1897 require the extent of the repairs should be curtailed proportionately with the non realization of the promised Contribution. The present estimate is one for Rs 2119-0-0. The repairs cannot well be done for any thing less than that amount. The present estimate is one inclusive of the following items of works viz

Jamma no 1371 8/6/98
77-92

viz/ Substituting new doors and windows, repairing and fixing Gardakumba.

Repairs for Rs 1425-3-0 have been executed up to date and Rs 1233 ~~xxxxxxxx~~ are paid/ to Contractor and Rs 783-8-0 are to be sanctioned from the State Grant of the ensuing year to effect the repairs according to the present estimate. As regards realizations of the promised Contributions, it is observed that a few of the Subscribers are since dead and some are impoverished and a few have changed their residence But arrangements are made to realize from such of the Subscribers as are still capable of paying, though it is not impossible to collect the amount for the utilization of the repairs now progressing and the Subscriptions will be credited to the temple funds as they are received A separate estimate seems unavoidably necessary for repairing the Gates and Compound wall to prevent donkeys and stray dogs from getting in

+ Rs 192-5-0 are still due

Mr. Chairman, Sir, I am grateful to you for giving me this opportunity to speak on this Bill. I support the Bill in principle. But I have some suggestions to make in the Select Committee stage. I would like to say a few words on the Bill.

Sir, the Bill is a welcome one. It is a step in the right direction. But it is not enough. It is only a beginning. We have to go much further. The Bill is only a small step towards the goal we have in view. The goal is the complete abolition of the system of bonded labour. The Bill is only a step towards that goal.

Sir,

With reference to your docket No: 1785/M.7.77-92 Dated 7th March/03 forwarding for report Petition Registered No: 649/39 Dated 5th February/03

addressed to His Highness the
Maharaja of Mysore by some of the
residents of Palya, Alur Sub Taluk,
regarding the repairs to the Sree Janardana
- Swami temple at Palya, I have the
honor to state as follows:-

1—. The temple in question was
found in disrepair so far back
as 1890. The funds at the credit of
the temple was then only Rs. 639-13-0
but it was reported that no repairs
could be executed with less than Rs. 2000/.
It was therefore suggested that with
the available funds, repairs to the
interior portion of the temple may
be taken on hand. [illegible]

(7)

urged that such repairs would be of no avail, and at the same time it was understood that the devotees of the temple were prepared to contribute towards the cost of repairs. Hence an amount of Rs 1022/- was promised by the devotees. Accordingly an estimate for the entire repairs for Rs 2298/- was prepared and sanctioned by Government and an order to the Taluk was given to that effect in February 1896. Immediately after when the work had been taken on hand, the Muzrai Superintendent inspected the temple and having found no provision to have been made for letting in sufficient light and air in the original estimate

he ordered a fresh estimate to be prepared. In accordance there - with, a revised estimate for Rs. 2767/- was prepared and Sanction Work was done to the extent of Rs. 1425-3-" and Rs 1325-3-" have been paid to the contractor — reserving Rs 100/- for being paid at the completion of the work.

2- In the meantime, the devotees did not pay up the contribution as promised, only Rs. 457-6-4 having been realised from them The original estimate had been Sanctioned on the ground of the devotees having promised to Subscribe about Rs 1022/-. It was therefore

called on by the Muzrai Secretary,
to submit a curtailed revised estimate
having in view the funds at the
credit of the temple. Hence a revised
estimate for Rs 2119 was submitted
for sanction. But this estimate
was not sanctioned. Pending final
orders in the matter the work was
stopped. (Vide Government order
No: 1194-5 Muz. J. 77-92 Dated 27th April 1899).

3 — It is now reported by the
Deputy Amildar of Ahur Sub Taluk
that if the last revised estimate
for Rs. 2119/- be sanctioned the work
began in 1896 will be carried to
completion. It is now worked
to the extent of Rs 1425-3-4 and
there

there remains work for Rs 693-13-
The contractor has been paid only
Rs: 1325-3-". The deputy Amildar
reports that in paying the contract
the balance of Rs 100/-, further
work for Rs: 693-13-" may be
sanctioned. There is an amount
of Rs 1274-14-8 at the credit of
the temple in the Savings Bank.
The Deputy Amildar further reports
that from the wet lands endowed
of late to the temple, Rs: 156/- may
could be realized annually from
the produce of the lands.

4 - The repairs to the temple
in an incomplete state were
stopped in April 1879. It -

car no good, I think, to continue
to the work, as the Deputy-Amuldar
has suggested, on the lines of the revised
cred estimate for Rs 2119/- alluded to
este above. I am of opinion that a
for fresh estimate for nearly one
was thousand rupees may be prepared
ord and the work taken on hand afre
stop, as some of the work which has
no: been executed is damaged and
requires being repaired a little
3. again. It appears that the temple
Dep is an ancient one. I would think
tha therefore that is worth while to
for restore the temple from its —
leg. Comy dekapidated condition. I do
to not think that any contribution

could be expected from the devotees of the temple. It is reported that the former subscribers are either mostly dead or they are not in a condition to pay.

5— Under the above circumstances I would recommend to the favorable consideration of Government the desirability of carrying out the entire repairs to the temple at a probable cost of Rs 1000/-. Pending final orders of Government, I have called on the deputy Amildar to submit a fresh estimate having in view such of the repairs as are of an urgent nature.

(21)

Vernacular papers ending
with Alur Deputy Amildar's report
no. 5 dated 16th July 1903, are
herewith submitted for reference
and kind return.

Sir,

In reply to your docket No 627

dated 2nd September 1903 re
to be executed to Sri Janardana
Swamy Temple at Galya I have
the honour to state that the
Endowment funds of the institution
amount to Rs 483-5-0 and the
whole amount is deposited

in the Government Savings Bank. It is not known for what purposes the Sudivah amounts were paid by the devotees and so it cannot be ascertained whether the purposes for which the same was paid are being fulfilled.

2. A plan and estimate for Rs 2,959 are herewith submitted as requested. There was only a sum of Rs 2,447-15— at the end of September 1924. Since this amount is not enough for the repairs of the whole temple, I would suggest that the construction of the Compound wall and the repairs to the smaller buildings be deferred for the present. As you have inspected the temple during your last visit to that place I beg that only so much of the repairs as are absolutely necessary may be ordered to be executed.

3. From the Inam lands endowed to the temple a sum of Rs 35-6-3 and 29½ Candies of Paddy are derived as an yearly income and the yearly expenditure in the temple amounts to Rs 98-7-0. The balance of the income after meeting the expenditure is usually credited to the Temple funds.

observed that the need
for repairing this temple
was under correspondence
from the year 1890, & that
in the year 1896 an Estimate
for Rs 2298 was sanctioned
by Govt. to be met from
various sources in which
was included a contribution
Rs 1022/- promised by the
votees. The Estimates
underwent revision more
than once and work to the
tent of Rs 1425/- was executed
by March 1898. Thereafter
in August 1900 Government
declined to sanction further
expenditure unless the
devotees contributed a moiety
of the cost. Thus the work
was left unfinished.

2. The temple was inspected
by the Muzrai Secretary
in September 1904 during
his tour in the Hassan Dist,
who is of opinion that
& he reports that

(98)

that the main temple, the minor temples and the Mantapa require extensive repairs which will cost a great deal. It is also reported that the whole village of Palya is going down in importance, and many of the inhabitants have left the place in consequence of its unhealthy situation and surroundings. The temple servants do not regularly go to the village to perform their temple duties.

3 Under such circumstances it does not seem necessary to spend much upon the renovation of the temple. It would be sufficient if the important portions of the temple are thoroughly repaired and brought to a sound condition.

Sir,

In forwarding herewith vernacular papers ending with Alur Deputy Amildar's report No.94 dated 21st April 1908 -- submitting for sanction a bill fo Rs.36 /- being arrears of amount due to Contractor Nawab-Singh for having effected repairs to the Sri-Lakshmijanardana-Swami temple at Palya in the Alur Sub-Taluk, I have the honour to state as follows;-

2. An estimate for Rs.2298-0-0 was sanctioned by Govt. in Pro.No.307-8/77-92 dated 2nd February 1899, for repairing the temple. Owing to the failure of the devotees to pay up the promised contribution of Rs.1022 /- towards the repairs, the Govt.while sanctioning a measurement bill for Rs.1425-3-0 directed in Order No.1194-5/Muz.F.77-92 dated 27th April 1899 that further work should be stopped pending final Orders of Government.

3. The Deputy Amildar reports that out of Rs.1425-3-0 as per bill alluded to above the contractor was paid Rs. 1325-3-0 holding in reserve a sum of Rs.100 /-. Though the contractor was pressing for the payment of Rs.100-0-0, it was ascertained from the records, pertaining to the levy of -- contributions from the devotees, that out of the small con--tributions levied a further sum of Rs.64 /- was paid to the Contractor leaving a balance of Rs.36 /- only still due to him. The contractor has now admitted the receipt of Rs.64 /- and claims only Rs.36 /- [illegible]
